

Welcome

The Exempla Saint Joseph Hospital Sister Joanna Bruner Family Medicine Center provides health care for the entire family, regardless of age, gender or type of care needed. Our entire staff is dedicated to building a partnership with our patients to help them maintain good health.

In addition to providing medical care for people of all ages, we also provide resident training for graduate physicians. This program allows the Center to have a medical staff of more than 20 physicians, which assures our patients the best possible care.

LOCATION:

The Sister Joanna Bruner Family Medicine Center is located one half block north of Exempla Saint Joseph Hospital on the second floor of the Midtown Medical Center 2 building. Free parking is available in the Midtown parking lot or the Humboldt garage. Free valet parking is also available.

Phone: 303-318-2000

Hours: Monday - Friday 8:00 a.m. - Noon
and 1:00 p.m. - 5:00 p.m.

The Family Medicine Center participates in the following programs:

- State and PCP Medicaid
- Medicare
- One Health Plan PPO, Pacificare, Secure Horizons and other insurance plans. Please call your insurance company to inquire.

YOUR HEALTH CARE TEAM

On your first visit, you will be assigned to a resident physician or physician assistant who will be primarily responsible for your medical care. They will continue as your primary health care provider. Every effort is made to schedule your appointments with your regular resident physician, but sometimes you may be seen by a different physician or by a physician assistant.

When you call the clinic to speak with your physician, the receptionist will take your name and phone number and relay the message. A physician will return your call as soon as possible.

A physician is on call for emergency consultations 24 hours a day, seven days a week at 303-318-2000. If you need after hours care, please check with your physician before going to the emergency room. If hospitalization is required, your physician will be a part of your health care team at Saint Joseph Hospital. In case of life-threatening emergency, call **911**.

DEFINITIONS:

Resident – A Resident is a physician-in-training. They have completed medical school and are completing their requirements for board certification.

Attending Physician – The Attending Physician is the physician who supervises the Residents.

Physician Assistant – A Physician Assistant is a health care professional licensed to practice medicine with physician supervision. Common services provided include taking medical histories and performing physical examinations; ordering and interpreting lab tests; diagnosing and treating illnesses; assisting in surgery; prescribing and/or dispensing medication; and counseling patients.

Primary Care Provider – Your Primary Care Provider is the person mainly responsible for your medical care. They may be a Resident or a Physician Assistant. They will work with you to determine your plan of care.
